CASH CROP™
0-0-1
PLANT FOOD ADDITIVE

Cash Crop promotes vibrant growth and robust maturity. For use in all growth media. Use as an additive to your regular nutrient solution and as a Foliar Spray.

One TSP Cash Crop 0.12 OZ (3.5 g)
One GAL = 3.78 L

DIRECTIONS: Apply Cash Crop daily throughout all stages of plant growth. Mix the following amounts of Cash Crop into your regular nutrient solution.

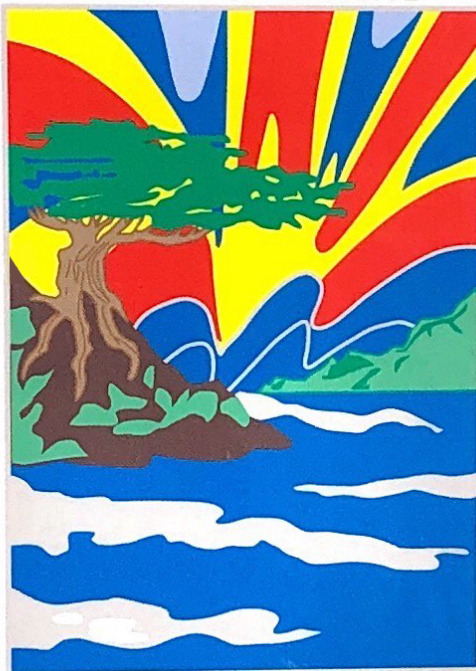

Small to Medium Plants

1 g per 2.64 GAL (10 L)
10 g per 26.4 GAL (100 L)
100 g per 264 GAL (1000 L)

Larger Plants

2-4 g per 2.64 GAL (10 L)
20-40 g per 26.4 GAL (100 L)
200-400 g per 264 GAL (1000 L)

As a Foliar Spray, use once daily, apply one hour prior to first root feeding. Spray a fine mist on all plant surfaces. See Foliar mixing guides opposite for vegetative and flowering stages.

NET WT 22 LB (10 kg)

Guaranteed Analysis

Soluble Potash (K_2O) 1%

Derived From: Sulfate of Potash.
